

Dear Recruiting Team,

Please let me know if this position is for a Government Project. I am currently holding an Active Public Trust and a Secret Clearance.

My skills are a good match for this role. Could you please confirm if this position is 100% REMOTE? Please let me know what your salary or W2 rate is? Once I receive your email, I will reply to you with my updated resume shortly.

I would like to schedule a Live Software Coding Video Interview with your team as soon as possible. I look forward to hearing from you.

Sincerely,

Paul John
