

Role:- Sr. Business Analyst

These will all be hybrid roles (3/2 schedule). They must be in the following

Locations: (Alpharetta, GA), (Norfolk, VA), or (Roseland, NJ) -not sure if you are open to going onsite or not.

Must have the IAM or don't send them, please.

Top skills:

- Solid communication skills/requirements gathering skills
- Must have onboarded applications to a major IAM platform before such as SailPoint, Ping or Okta, etc. Need to be familiar with all the things you take into account when you onboard an application such as **entitlements, workflow, attestation, authorization, etc.**
- Strong attention to details
