Jone20679@gmail.com ❖ (443) 760-1766 ❖ Baltimore, MD

WORK EXPERIENCE

Tata Consultancy Services   Jun. 2022 – Dec. 2022
Software Engineer   *Baltimore, MD*
- Produced high level applications for various fortune 500 companies.
- As a Software Engineer, I was tasked with manufacturing and maintaining code bases and databases.
  - Made several highly efficient applications using Java, NodeJS, JavaScript, SQL, MongoDB and Salesforce.
- Had daily stand-up meetings to discuss progress on projects and timeline.
- Created SQL scripting to help maintain and create new database frameworks.

PDE Health   Dec. 2021 – May 2022
Full Stack Engineer   *Baltimore, MD*
- Worked with various medical clients to deliver high end applications for clinical purposes or reformat medical databases.
- Created highly efficient and effective SQL scripts that transferred database information seamlessly.
- Worked with different APIs (such as Integrex) to develop local applications to verify patient insurance information.

Harrisburg University of Science and Technology   Jan. 2020 – Jun. 2020
Software Engineer   *Harrisburg, PA*
- Worked on an AI research project which trained and tested an Artificial Neural Network and the accuracy of detecting spam in Online websites.
- At the end of the project, the Artificial Neural Network was able to detect spam with very little.

EDUCATION

Harrisburg University of Science and Technology   May 2021
B.S, Computer and Information Sciences   *Harrisburg, PA*
- *Cum Laude, 3.7 GPA*
- Made honors list six times
