EDUCATION

Concordia University Wisconsin   **Mequon, Wisconsin**

Bachelor of Computer Science –   **Graduated: Dec 2022**

Software Engineering & Information Systems   GPA: 4.0 / 4.0
Graphic Design Minor

WORK EXPERIENCE

Open Source Integrators   **Gilbert, AZ**

Software Engineering Internship   **May 2022 - July 2022**

- Developed Odoo customizations for a library using the Software Development Cycle and presented the results to the OSI technical team
- Resolved errors in customer's Odoo customizations in MVC Architecture using Python and XML on Linux Ubuntu
- Engaged in a mock workshop where I acted as a technical consultant that offered solutions to leverage ERP software to fit the mock client's needs

PROJECT EXPERIENCE

CUW Falcons App

Link to Code: https://github.com/jordanlafferty/CUWFalcons

- Developed Xamarin Cross Platform App using Visual Studios for the CUW Athletic Department using C# and Visual Studios, enabling students to view team rosters & schedules and check-in to home games
- Optimized UX/UI features of the app, using XAML including a functional QR Code Scanner.
- Integrated admin account allowing Athletics staff to manage game attendance, QR Codes, team rosters & calendar
- Gathered game and athlete data through Microsoft Azure Database and Server to perform SQL CRUD operations

Wheel of Fortune App

Link to Code: https://github.com/jordanlafferty/WheelOfFortune

- Orchestrated full software development cycle of a Windows Form .NET app using C# & Visual Studios to create an interactive game similar to Wheel of Fortune
- Directed project timeline, completing project within budget with a team of 3 other students
- Established quality assurance protocols leading to successful completion

EXPERIENCE WITH

Programming Languages   **C#, C++, Python, Java, HTML, CSS**

Technology   **Adobe (Photoshop, Illustrator, XD, InDesign), Android Studio, Visual Studio, Mockflow, Xamarin, Microsoft Azure, WordPress, UI/UX**
